VENUE

Medical Clinic
Im Neuenheimer Feld 410
69120 Heidelberg

APPROACH BY CAR

A656 direction Heidelberg, continue on B37 direction University Hospital / Neuenheimer Feld. After crossing the Neckar at the first traffic light left. into the Jahnstraße, then turn right into the street "Im Neuenheimer Feld". To the Medical Clinic after approx. 100 meters li. in the Kirchnerstraße and at Leit- und Informationszentrale 2 (LIZ) pass the barrier. After approx. 400 m the street name changes to "Hofmeisterweg"; After approx. 300 m, the medical clinic is on the right. Opposite is the parking garage P160, a few meters further the zoo parking garage.

APPROACH BY PUBLIC TRANSPORT

Tram lines 21 and 24:
> Berliner Straße, stop "Jahnstraße"> Change to bus line 32>
Bus stop is located in Jahnstraße
> Berliner Straße, stop "Technologiepark"> change to bus line 31

Bus lines 31 and 32:
Stop "Medical Clinic": The bus stop is located directly in front of the main entrance to the clinic.

7th CELL THERAPY SYMPOSIUM

NOVEMBER 3 & 4, 2023

Medical Clinic, Grand Auditorium
Im Neuenheimer Feld 410
69120 Heidelberg

Department of Medicine V
(Hematology, Oncology and Rheumatology)

DEAR COLLEAGUES,

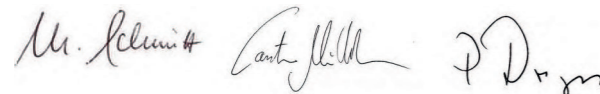

Since our last Cell Therapy Symposium only one year has elapsed. Within this short period of time, tremendous progress has been made in our clinic regarding CAR T cell therapy: more than 200 patients have received this innovative treatment at our center. In Europe more than 2.000 patients have been treated for acute leukemia, Non-Hodgkin lymphoma and myeloma with remarkable success. Therefore the therapeutical algorithms for the treatment of these diseases need to be revisited. Moreover, the safe management of cytokine release syndrome, neurotoxicity and prolonged cytopenia will be highlighted in this symposium. In addition, novel targets and preclinical research for further development of immunogene therapy will be discussed.

We cordially invite all participating physicians, scientists and doctoral fellows to submit abstracts. All abstracts will be presented as poster during the two days of the conference. Best posters will be presented as short talks during the meeting.

Please submit your abstracts till October 5, 2023.

We are looking forward to welcoming you to our symposium.

With very warm regards from Heidelberg

Michael Schmitt Carsten Müller-Tidow Peter Dreger

The participation is free of charge.

The meeting has been certified from the Landesärztekammer and CME points are granted.

To ensure proper organization, we would welcome your registration through www.ukhd.de/celltherapy-symposium by latest Oktober 4th, 2023.

PROGRAMM

FRIDAY, 03.11.2023

SCIENTIFIC SYMPOSIUM – PART 1

12:30	Registration, snacks and beverages Get-together
12:50	Welcome address C. Müller-Tidow
13:00	HD-CAR-I trial - reaching new shores M. Schmitt
13:20	BCMA.CARs for multiple myeloma – which way to go? M. Raab / S. Sauer
13:40	CAR T cells for treatment of mantle cell lymphoma – the GLA perspective G. Heß, Uniklinik Mainz
14:00	CAR T cells for acute myeloid leukemia – current perspectives T. Sauer
14:20	GD2 CAR T cells in solid cancers C. Rössig, Uniklinik Münster
14:40	Lunch Break
15:10	Cars or Bikes for lymphoma – which one first? DEBATE Bikes first M. Subklewe, LMU München Cars first P. Dreger
15:50	The INTEGRATE project M.-L. Schubert

16:10	Predictive scores in CAR T therapy – ready for the prime time? (HAEMATOTOX, EASIX) F. Korell, Harvard Medical School, USA
16:30	Armoring CAR T cells against NK cell attack M. Friedrich, Massachusetts Institute of Technology (MIT), USA
16:50	Break
17:15 - 18:45	Satellite Symposium BMS

SATURDAY, 04.11.2023

SCIENTIFIC SYMPOSIUM – PART 2

08:00	Registration, snacks and beverages Get-together
08:20	Multi-target CAR Ts against acute myeloid leukemia (AML) C. Seitz, Childrens' Hospital Tübingen
08:40	Gene Editing of hematopoietic stem cells (HSCs) T. Cathomen, Uni Freiburg
09:00	CAR T cells manufacturing in an insulator A. Hückelhoven-Krauss / K. Böpple, RBK Stuttgart
09:20	Robotization in T cell manufacturing U. Köhl, Uniklinik Leipzig

09:40	New CARs for myeloma and lymphoma U. Höpken/A. Rehm, MDC, Berlin
10:00	Coffee Break
10:20	Different Subjects Best Abstracts Best Posters
11:00	CAR-T cells for brain tumors T. Kessler
11:20	CAR Ts in cardiology F. Leuschner
11:40	CAR T cells in rheumatology W. Merkt
12:00	CAR T cells for curing SLE G. Schett, Uni Erlangen
12:20	Genetic engineering of hematopoietic stem cells P. Derigs, DKFZ Heidelberg
12:40	Lunch Break
13:15 - 14:45	Satellite Symposium Kite/Gilead
